## CALL - le Port Des Créateurs

“Le Port Des Créateurs” is a Toulon-based association designed for artists, cultural associations and entrepreneurs both local, national and international. We provide support and assistance for all projects related to emerging artistic practices, from concept to completion. Residency, workshops, studios, these varied formats contribute to a multidisciplinary approach.

### BOOSTER #5 - arts

Booster residency aims to provide support for the development of an artistic project, enabling it to emerge on the territory of the “Métropole Toulon Provence Méditerranée” and have a wider impact throughout France, Europe, and on the international scene.

LPDC is based in the historic centre of Toulon and works closely with the town’s cultural structures : Conservatoire TPM, École Supérieure d’Art et de Design TPM, Universities etc. For this fifth Booster edition, LPDC, has chosen to focus on the arts.

#### For whom ?

Emerging artists

Booster #5 will allow the artist who is selected to benefit from a period of time in which to research and experiment with his/her project “in situ”.

LPDC will facilitate networking for the artist within a wider area, assist with the project’s development strategy and presentation.

Duration of the artist’s residency is two months. For this edition, it will be accompanied by one specially trained tutors, Isabelle Bourgeois.

A publication, whose form remains to be determined (photographic, written, video...), will be prepared and developed at the end of the residency period. It will be financed by LPDC\*.
