Since 2016, Le Port Des Créateurs has been offering a multidisciplinary artistic residency to emerging artists who wish to benefit from a period of research and creation as well as personalised professional support.

Le Port Des Créateurs is a cultural incubator based in Toulon that supports nearly 100 cultural actors per year, artists, associations, entrepreneurs or students. The association has 1500 m2 of production and distribution spaces including different creative factories (sound and image, culinary arts, editorial design and plastic arts). The association also programmes hundreds of free events for the general public each year (2 collective exhibitions, 45 workshops, 10 conferences, open-air cinema, dance battles, concerts, etc.).

The BOOSTER DANSE laureate will have a dedicated space of 140m2 and accommodation on site. He/she will be accompanied throughout the residency by a mentor as well as by the Port Des Créateurs team: a communication and coordination officer, a development officer, a production officer and artistic support from the director.
